Multi-factor Authentication

What is it? A secure way of accessing your Kilgore College Applications (AccessKC and Blackboard).

Why are we doing it? To protect your identity. Similar to how Gmail, Yahoo, or any other email domain protects your personal information through security questions, one-time passcodes, etc., Kilgore College is implementing this security structure to protect your personal and educational data.

What’s changing? The new solution will require you to activate your TDIS account and set a secure password. Once your account is activated, you will be provided a one-time passcode upon logging into AccessKC and Blackboard. A one-time passcode will be provided upon each login unless your device is saved for future use.
How-To Activate Your Account

1. You will receive an email from the Kilgore College IT department (helpdesk@kilgore.edu) with instructions on how to activate your account.
2. You will need your KC student ID number and a web access code to set up a password and security questions. The web access code will be provided in an email from IT (helpdesk@kilgore.edu).
3. Provide a personal email address and mobile phone number at which you can receive text messages.
4. Select and answer security questions to be used for resetting your password in the future.

Once your account is activated, login to AccessKC following these steps:

1. On the AccessKC webpage, start by entering your KC student ID number in the box labeled “username” and press “enter.”
2. The Texas.gov Digital Identity Solutions Welcome page will open. Enter your KC student email and password you just created.
3. You will be asked where you would like a one-time passcode sent.
4. Once received, enter the passcode and submit.
5. You then have the option of saving the device you are currently using for future use.

.....and you’re in!
Account Activation Step-by-Step

To get help with MFA login click here.

Kilgore College Account Activation

Please enter the information below to setup your account.

First Name: 
Last Name: 
Student ID: 
Birthdate: mm/dd/yyyy
Web Code: 
Email: 
Mobile Number: 

Student ID number and Web Code will be in your email.
Kilgore College Account Activation

Please enter the information below to setup your account.

First Name: Amy
Last Name: Student
Student ID: 999991114
Birthdate: 01/01/1935
Web Code: 5321

Email: AmyStudent@gmail.com
Valid email format.

The email will be used to validate your account. Please make sure you are entering valid information.

Mobile Number: 
Password: 
Verify Password: 

Enter a non-Kilgore College email
Once you have entered a Valid email you will get the green Confirmation.
Enter mobile phone number where you can receive text messages.
Make sure your password meets the security requirements. The requirements will turn green as completed.
When all requirements are green, the password is secure.
Enter 2 security questions to help reset your password in the future.
Logging into AccessKC

On the AccessKC webpage you still start by entering your ID number in the box labeled username.
Enter your KC student email address and the password you just created.
The last four digits should match the phone number you entered during your Kilgore College Account Activation.
Enter passcode and submit.
Select yes if you are using your personal device. Otherwise, select no.
Logging into Blackboard

Select “Student Login” and follow the same steps outlined on the previous pages 12-15.
